Our institution is no more exception to, therefore in our institution largely ICT or MIS has been applied in terms of the institutional transactions. While making communication with or receiving communication with the internal and external agencies ICT enabled aids being used vividly. Our institution has been using CMS of which an advanced versions CCMS stands for Centralised College Management System 25.03.2019 onwards. The said system has been used during the course of administration and management, but now recently cloud based CCMS has been into being with which any institutional transaction easily carried out. In order to convenient or facilitate all the institutional stake holders in case of its administration and management CCMS is a quite effective or user friendly. CCMS can be applied in terms of online registrations, students admissions and fees receipts, students admission profile maintenance, financial accounting maintenance, check printing, SMS, email integral with all software, dashboard, alumni engagement, parents teacher engagement, students attendance reports, internal examination reports, feedback maintenance report, leave management report, payroll, account etc. Minding the ICT enabled NAAC or its procedures Management Information System is very essential in keeping all kinds of records and data transparently and securely. As a result of the management information system does the institution to cope with the world</p>

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Our Institution has the mechanism for well planned curriculum delivery and documentation. In each academic year, in the beginning, the head of the institution in consultation with the faculty prepares the academic calendar in which he indirectly plans in order to implement the curriculum & co-curriculum delivery and documentation. Well planning is half accomplishment. At the beginning of the each academic year head of the institutions in consultation with the staff designs various committees covering curricular, co-curricular and extracurricular activities to implement the academic calendar as preparing the faculty-wise time table, seeking faculty-wise, department-wise in cooperating departmental and individual. As a result of curriculum and extra curriculum delivery and documentation become easy. Now a days in our institution, Internal Quality Assurance Cell (IQAC) has been playing a vital role in terms of curriculum delivery and documentation. During the course of teaching learning and evaluation, plan of action of Internal Quality Assurance Cell (IQAC) monitoring well through the students attendance register, daily teaching report, feedbacks from different stakeholders, class-wise or paperwise result preparation just after the declaration of semester-wise results. At the end of academic year, Internal Quality Assurance Cell (IQAC) seeks the academic calendar's audit which would help the head of the institution suggestion cum. With which the head of the institution or the management would analyse the institutional strength, weakness, opportunity & threats. Under the chair of the institution all committees prepared the action taken reports to submit the College Internal Quality Assurance Cell (IQAC). After taking an account of the academic calendar's audit & action reports of the respected committees, IQAC would prepare the institutional Annual Quality Assurance Report (AQAR) to submit on & offline to NAAC.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

Feedbacks had been sought randomly before the NAAC accreditation. But when the NAAC peer team members recommended the structured feedback mechanism should be commissioned. In response to the overall analysis of the institution, our institution has composed the structured feedback mechanism in consultation with the Internal Quality Assurance Cell (IQAC). Since Feedbacks from the different stakeholders have been obtained manually. Feedback mechanism system has been maintained for the sake of overall development of the institution in case of the students, Teachers, Employers, Alumni Parents. No stakeholder directly criticizes any institution. But recently NAAC has given an opportunity of criticising or suggesting through the Feedback mechanism. It is a system with which institution or employer would mind the responses from the different stakeholders in order to improve or update the academic, administrative stance. At the end of the semester or year the system obtains Feedbacks from the different stakeholders. After obtaining the Feedbacks would be analysed in consultation with under the chair of the institution. After analysing the Feedbacks would be brought into the notice of the concerned sections of the institution as well as analyzed feedbacks regarding the institutional infrastructure be brought before the management or equivalent body of the institution to take action. During the last academic year feedbacks from the different stakeholders obtained, analyzed and due course of time be brought into the notice of the management council. Obtaining feedbacks is an opportunity of working with the society does have. With the help of the feedbacks institution would realise its academic, administrative managerial strengths, weakness, opportunity challenges. Obtaining analysing feedbacks from the different stakeholders is intellectual emotional property. Therefore, our institution would welcome feedback from the different stakeholders freely

Today, we have been living in the world of information and technology or in the world of commerce where each and every person of the family irrespective of its nature seems busy or engaged. As a result such person doesn't have enough time to take notice of ward. Therefore it is becoming the topic of hot discussion for instance having material stability while mental instability causing social chaos. Student mentorship is nothing but a professional motherly touch which may enable mentor to think and feel him and her in all respects. Due to the commercialization mostly wards alluding the emotional touch. Students mentoring system is a professional move to think over the accomplishment of the newly enrolled students. It is a system in which a mentor has to maintain the academic profile of the mentee. Academic profile of the mentee covers its personal details causing the mentor to take an account of its biological, professional, residential financial information. The problem that we have been witnessing in terms of the students is a communication gap. As a result of, the students do not consult or share their problems. But it is a system which compels the mentee or mentor to interact with each other. During the last year 196 students had been on the roll as been allotted among the permanent and full time teaches 18

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Day by day a new wave of reformation comes into being. Our Indian society is basically conservative or right winged as well as adverse or ideal principles centred. As a result no universal or unique system of continuous internal evaluation has been settled as valid as. University Grants Commission as an autonomous body of the Human Resource Development Ministry in our country. Naturally policies regarding higher education and its evaluation have been attributed to the UGC. At the same time it monitors its sustain through various types of the exam. evaluation systems. Traditionally our evaluation system had been biased where overall development of the students was implausible. Therefore scores of reformations took place during the curse of higher

education. Learned or studious groups pondered over the Continuous Internal Evaluation(CIE) system As a result such groups recommended the Choice Based Credit System (CBCS) in order to evaluate the academic and creative performance of the pupils. In response to the learned or studious groups' recommendations UGC has introduced the Choice Based Credit System (CBCS) at the UG PG levels as well as Continuous Internal Evaluation (CIE) system as the assured yardstick of quality among the students. With the introduction of Continuous Internal Evaluation (CIE) system higher education institutions are expected to take an account of the enrolled students continuously. Continuous Internal Evaluation (CIE) system recommends the semesterwise summative and formative examinations. As a result indirectly the process of teaching, learning evaluation have been entwined. Since academic year, 201718 our affiliating university, SRTMU, Nanded (MS) has been conducting the Choice Based Credit System (CBCS) at the UG PG levels as well as Continuous Internal Evaluation (CIE) system. Class Tests are taken in Classroom • Strict discipline and timeliness to be observed by everybody. • Classrooms are covered under CCTV. • Physical Supervision by authority. Day by day a new wave of reformation comes into being. Our Indian society is basically conservative or right winged as well as adverse or ideal principles centred. As a result no universal or unique system of continuous internal evaluation has been settled as valid as. University Grants Commission as an autonomous body of the Human Resource Development Ministry in our country. 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

- The Academic calendar is displayed on notice board for students and faculty.
 - Academic calendar is also uploaded on college website for students and stakeholders.
 - Evaluation blueprint consists of plan of college internal examinations. 'Examination Committee' looks after the schedule of examination. In each academic year our institution has to mind the affiliating university academic calendar before the design of the institutional academic calendar. In response to the affiliating university academic calendar our institution has to prepare as well as adhere throughout the academic year. After the publication of the university academic calendar our institution publishes in its prospects at the beginning of year. 201819 our institution had prepared its academic calendar bifurcating the institutional academic extra academic and administrative activities. Through the college internal quality assurance cell its schedules and procedures have been maintained or monitored as well as suggested to accelerate in order to meet cent percent. Academic calendar means institutional planning of imparting the curricular, co curricular and evolution activities within the stipulated span. It is a kind of administration and management to improve and update the intellectual and infrastructural resources. At the end of the academic year, as per the NAAC prescriptions, it is mandatory on the part of institution to audit it. As in our institution last academic year, 201819 academic calendar audit has been done duly and it has been found as an adherence for the conduct of the affiliating university and the institutional activities neatly. During the

course of the academic audit our institution has realized its academic and extra academic achievements

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Governance, leadership and management seek the Institutional Vision and Leadership due to the decentralization and participative management expected. No institution or agency is self relied. Because to become succeed during the course of the institutional leadership one should be a visionary. During the course of academic administrative management there should be a system of decentralization and participative management which cover the stakeholders as teachers, students, parents, alumni, employers etc. In our college various practices of decentralization and participative management during the last year took place but I would like to mention two practices one from the academic while from the participative management. Academic decentralization on off campus is one of the assured ways of accomplishing the academic Excellency. In each year at the beginning of the academic year, head of the institution forms various types of committees in order to carry out the academic extra academic activities. Faculty members have been assigned the committees as incharge or member. It is imperative on the part of faculty to mind the academic calendar of the parent university as well as of the institution. At the end of the academic year it becomes feasible to audit. Therefore the formation of academic extra academic committees is one of the best practices of decentralization. Participative Management Participative management is also one of the major practices of the institution where direct participation of the faculty, students parents etc. is witnessed through the (College Development Committee) CDC. Now a day's CDC plays a vital role during the course of the college development especially in the academic infrastructure. CDC is composed from the members of various communities with which directly or indirectly faculty representative, general secretary of the student council, representative of the alumni, representative of the employer, representative of the social activist who may cause the richness of the institution result in the institutional goodwill in the society.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

Use of Renewable Energy:

- There is a scarcity of water in our region. Water is supplied to Latur city by train for the first time in state history. Obviously this is not pride for us, but it's a fact. So the college has invented a solution to overcome this drought like condition by using waste water for flower gardens and trees. This concept is noticed and given huge publicity in all over state by ABP Majha News channel.
- Two third of water from RO plant is treated and used for plants and trees in the college.

Rain Water Harvesting: The college has made proper and scientific arrangement for Rain Water Harvesting. The rain water on the Main Building and Indoor Sports Hall is channelized towards bore well. Water level rises in rainy season.

Energy Conservation:

- Minimum consumption of energy is the saving factor of energy conservation on the campus.
- The notices near the switch boards prevent wastage of energy.
- Large size windows are fixed on the walls of the classrooms to have good ventilation. This has minimized the usage of fans and lights.
- The use of CFL bulbs instead of tub lights.

Plantation:

- The green campus of the college is largely due to tree plantation.
- There are about 300 trees of various kinds on the campus
- Trees have nearly covered 1/3rd of the college area
- Planting of saplings by the chiefguests of various functions promotes the ecoconscious trait of the college practices.
- Planting a large number of trees in the camp villages is one of the regular features of the NSS special camps.
- Drought resisting plants have been grown on the campus to reduce pollution.
- The tree guards are fixed by the NSS volunteers.
- Varieties of flowering plants are grown as indoor plants placed in corridors.

Hazardous Waste Management:

- The college does not produce any hazardous waste material.
- 'Plastic Free Zone' has brought down the usage of disposable plastic goods to the minimum
- Degradable waste is processed and used for vermi -composting
- Non-degradable waste sorted, it is collected and asked Municipality to take away from the college campus. It is a regular activity of NSS Department to tackle health hazards in and out of the college.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practice I Title of the Practice: Sant Gadgebaba Swachtta (Sanitation) Ustsav(Festive)

Goals: the vision of the great man, Sant Gadgebaba, is to express one's gratitude and feel grateful by serving human beings as part of humanity

- To give inspiration to our students
- To appreciate good qualities of students
- To build up personality of students
- To make them interested in new subjects
- to enable them to meet the local and global needs

The Context: the vision of the great man Sant Gadgebaba, is to express one's gratitude and feel grateful by serving human beings as part of humanity. India is a secular state where is the practice of tolerance is imbibed by the constitution and observing the Sant Gadgebaba swachtta Usttav is one of the significant and best practices of our institution . To mahatma Gandhi, cleanliness is next to godliness is observed at the national level But in Maharashtra there is a legacy of great reformers , our state has maintained the great legacy by introducing the Sant Gadgebaba swachtta Mission . The prime object of the campaign is to cleanse individual and social vices regarding the sanitation

especially the Rural Sanitation means to make the villages facete or squat free .But the Sant Gadgebaba Sanitation Campaign has been taken into broad spectrum in our institution through various activities . During the Observation of the week such as Cleaning , organizing the extension lectures, conducting the extracurricular and co-curricular activities such as essay competition , Elocution, Road shows etc., In the 21st century it is the need of the time to show our integrity and affinity by maintaining the social health means to accomplish the health of the heart, head, and hands that is education .
